

**Subject:** Personal Injury Commission - consultation has closed

Dear Sir/Madam,

On 12 November 2020, consultation opened on two draft regulations required to establish the Personal Injury Commission (PIC). We sent you the draft Personal Injury Commission Regulation 2020 (PIC Regulation) and draft Motor Accidents and Workers Compensation Legislation Amendment Regulation 2020 (Scheme Regulation), explanatory material and a feedback form.

We are notifying you that consultation closed at **9am on 24 November 2020**.

**What happens next?**

DCS will consider all feedback before finalising the Regulations shortly. It is anticipated the Minister for Customer Service will consider the proposed Regulations and submit them to the Governor in December 2020. If the Governor approves, the PIC Regulation and the Scheme Regulation will be made before the end of 2020. However, the provisions will not commence until the establishment day of the PIC.

We will inform you when the PIC Regulation and the Scheme Regulation are published on the NSW legislation website.
